

UNIVERSAL AI ADVERTISING PLAYBOOK

5 REAL-WORLD CAMPAIGN EXAMPLES

EXAMPLE 1: FASHION / DTC CLOTHING BRAND

6-second vertical video in realistic UGC vlog style, natural morning lighting, slight handheld camera feel. Confident 26-year-old woman (Lumina founder vibe, modern street style, natural makeup, short hair) speaking directly to camera with perfect lip sync: "This new collection is made from 100% recycled materials... but it feels like luxury." Warm authentic lighting, city apartment background. High quality, natural skin texture.

EXAMPLE 2: SAAS / PRODUCTIVITY TOOL

6-second vertical video in realistic UGC style, clean modern desk setup, natural window lighting. 32-year-old male founder speaking directly to camera with perfect lip sync and calm expert tone: "I used to lose 2 hours every day switching between tools. Now Flowly does it for me." Slight natural camera movement, professional but approachable. High quality.

EXAMPLE 3: E-COMMERCE PHYSICAL PRODUCT (SUPPLEMENTS)

6-second vertical video in realistic UGC style, bright kitchen lighting, slight handheld feel. 29-year-old woman (busy professional look) speaking directly to camera with perfect lip sync and energetic but natural tone: "This new mango flavor actually makes me look forward to taking my vitamins every morning." Real product visible, authentic morning routine vibe. High quality, natural lighting.

EXAMPLE 4: ONLINE COACHING / PERSONAL BRAND

6-second vertical video in realistic UGC style, bright home office, natural daylight. Elena (38, warm confident presence, professional casual) speaking directly to camera with perfect lip sync and inspiring tone: "Most women I work with don't need more strategy... they need to stop overthinking and start executing." Natural head movement, authentic expert energy. High quality.

EXAMPLE 5: B2B / ENTERPRISE SOFTWARE

6-second vertical video in realistic but professional UGC style, modern office background, clean lighting. 42-year-old male operations director speaking directly to camera with perfect lip sync and credible tone: "We reduced project delays by 47% in the first 90 days with Nexus." Calm, authoritative,

data-driven delivery. High quality, trustworthy B2B feel.
